

Learn Local Organisations in the Eastern-suburbs

Check out the Learn Local Organisations near you to see if there is a Learn Local/ACFE funded program that you'd like to enrol in. The Linking Carers project will pay fees for carers to undertake up to two courses of their choice that will assist them with their pathways to further training or employment.

Please note that only the courses with this funding symbol are eligible. The project funding does not extend to recreation and leisure courses.
